Preparation

Clean the porcini mushrooms by scrubbing them with a knife and rub them with a damp cloth to remove any residue of soil, then cut them horizontally into slices. Then cut the smoked pancetta into slices, the pitted olives and finely chop the onion.

In a non-stick pan brown the pancetta for a couple of minutes without adding any fat.

In another non-stick pan pour the oil and sauté the finely chopped onion, then add the porcini mushrooms cut into strips and let cook for a few minutes, turning from time to time, and finally add the pancetta. Combine **Fine Tomato Pulp** and mix the ingredients well adding salt and pepper. Finally, add the finely chopped thyme together with the olives and cook it for another five minutes.
